

Non-tidal Wetlands: RPA Feature or Not?

Chesapeake Bay Local Assistance

DCR-CBLA will present a workshop (this is the second of four), on the procedures for determining non-tidal wetland features subject to the Chesapeake Bay Preservation Act, as outlined in the new DCR Non-tidal Wetland Guidance.

March 28, 2008

Save this date!

This second workshop, intended for the southern portion of Hampton Roads, will be given at the Hampton Roads Planning District Commission offices in Chesapeake, VA. The morning presentations will provide training on the new DCR non-tidal guidance, entitled "Resource Protection Areas: Nontidal Wetlands." A lunch will be provided after the presentations.

The agenda and registration are forthcoming.
